Debutantes School Mission

As a family enterprise, we strive to foster a learning environment which best prepares our students to attain their professional license from the state of Illinois as well as employment in their field of study

Why Choose Debutantes School?

Debutantes School of Beauty is located in the heart of downtown DeKalb, home of Northern Illinois University.

Our 17,000-square foot historic building is in the midst of eclectic shops and restaurants. Our facility was first used as a theatre termed “The Theatre of Tomorrow” which opened in 1949. Opening the doors of Debutantes School meant completely renovating the facility to foster and create a unique and effective work environment for student success. This includes updated classrooms, hands on work spaces, state of the art equipment, & the newest tools in the industry for an ultimate learning experience.¹⁰

Learning...Growing...Becoming...

We are highly focused on individual student success. This includes a commitment to a 15 to 1 student to teacher ratio complete with individualized student plans.

Debutantes School has partnered with industry leading suppliers to ensure access to the latest styles, techniques, and trends.

We are dedicated to our students’ long-term career success through the teaching of business principles, strategies, and ethics.

Debutantes School attracts, motivates, and retains the highest quality instructional staff in the industry

Our Story

Debutantes may be an unusual name for a school of cosmetology, esthetics and nail technology, but it has meaning for us. We are a family business – Tom (father), Jaime, Sarah and Becky (daughters). Missing in this family is a wife and mother. Deb is her name and the name we wanted to make sure was a very real part of our business. Debutantes was our choice of a name to honor her.

In December of 2006 at the way too young age of 51, Deb lost her life to cancer. She had become a wife at age 19, a mother at age 20 and invested her life in those she loved. For 31 years we were fortunate to be the ones she loved most. We loved her back as best we knew how.

She left a legacy of building into the lives of others for her husband and daughters to follow. So, in the fall of 2008 when we opened our doors, it made sense that Debutantes would be the name above those doors. We knew, however, that a name was only an honor when the name stood for something honorable. We knew we needed to create a school that would live up to the name.

We may not always succeed (she didn't either), but we are working hard to build into the lives of our students so that they have opportunities to use their gifts and be successful in the process. When Deb was a very young mom, living in Vermont and looking for a way to help her family's finances, she used her God-given artistic abilities, coupled it with her desire to create, and taught herself how to make dough ornaments. She then launched her own successful business "Rollin in Dough". She worked incredibly hard, but she was never more alive than when she used her talents and abilities to provide something of value for others.

The school that now carries her name lives so that others can apply their own gifts, work hard, serve others, and experience the joy of being successful doing what they were created to do. We are committed to that mission and look forward to working together to help others achieve their dreams.

Transfer hours may not be entirely credited if the skill level does not meet our requirements; if the student scores below 80% on the written test; or if we feel the student may need additional classroom time. Transfer students must provide transcripts with their grades and hours at the time of the skill evaluation. Tuition for transfer students will be calculated per hour based on number of hours needed to complete the program. Class/lab fees will be prorated based on the number of hours needed. - Be making satisfactory academic progress.
- Not owe a refund on a federal grant or be in default on a federal educational loan.
- Have "financial need" as determined by the US Department of Education.

It is very important that all students understand the policies and procedures of financial aid at Debutantes School. The administration of financial aid is extremely complex because of all the federal, state, and local agencies that provide and regulate these resources. As a consumer of educational services and programs, you should fully understand the financial assistance to which you are entitled as a student of Debutantes School. The forms you are asked to complete are absolutely necessary. All forms should be completed accurately and honestly. Information given is held in strict confidence. If you have questions or need any information not found in this publication, please call or visit the Financial Aid Office at Debutantes School, (815)758-4045.

Eligibility of Financial Aid

During the academic year in which you receive aid, your eligibility is governed by whether you are part-time or full-time. If you are not a full-time student, you will not be eligible for the maximum awards for financial aid. You must be enrolled "at least half-time" in order to be considered for any financial aid.

Types of Financial Aid

Debutantes School offers two basic categories of financial aid: grants and loans.

- Grants are awards based on financial need and do not require repayment.
- Loans are monetary awards that must be repaid after the student ceases to be enrolled at Debutantes School. There are three different loans offered: Direct Subsidized, Direct Unsubsidized, and Parent PLUS loans.

Student Rights and Responsibilities

You have a right to know:

- What Financial aid programs are available at Debutantes School.
- You have the right to privacy; all records and information submitted with your application for financial aid are confidential.
- The deadlines for submitting applications for the programs available.
- How your financial need was determined. This includes costs for tuition, housing, transportation, books & supplies, & misc. expenses.
- How Debutantes School's refund and repayment policies work.
- How the Financial Aid Office determines whether you are making satisfactory academic progress and what happens if you are not in compliance.

Student Responsibilities

- Complete all applications accurately and submit them on time to Debutantes School.
- Provide correct information. Reporting incorrect information on financial aid application forms is a violation of the law and may be considered a criminal offense, which could result in indictment under the US Criminal Code.
- Return all documentation, verification, and/or corrections requested by Debutantes School within the given time frame
- Be responsible for reading and understanding all forms that you sign and for record keeping of all financial aid correspondence.
- Make satisfactory academic progress in your program.
- Notify the Financial Aid & Business Offices of any change in name, address, or phone number.

Financial Aid Procedures Summary

1. File a FAFSA (Free Application for Federal Student Aid), each school year to determine eligibility.
2. Review the Student Aid Report and report any corrections to provide accurate information to the federal government.
3. Provide documentation as requested by the Financial Aid Officer. Without all required paperwork, NO awards will be processed.
4. Return a signed award letter accepting the financial aid awards.
5. Complete Entrance Counseling and a Master Promissory Note on www.StudentLoans.gov website.
6. Maintain satisfactory academic progress (at least a 75% GPA as defined by their program and 67% attendance).

After all the required paperwork is in the student file and satisfactory academic progress (SAP) is documented by the program coordinator, Pell and Loan disbursements will be ordered by the Financial Aid Officer. Once

the Pell and Loan funds are deposited into the financial aid account it may take the bookkeeper 2-3 business days to update the student's financial payment plan. All financial aid, regardless of source, is applied to the student's account balance. A student's current academic charges must be paid in full before any money is refunded to the student.

HOW TO APPLY FOR FINANCIAL AID

The Free Application for Federal Student Aid (FAFSA) must be completed to receive financial aid. Complete the FAFSA utilizing the previous year's Income Tax Form for yourself, and/or your parents if you are a dependent student. After submitting a FAFSA, you will receive the Student Aid Report (SAR) and the school you chose on your FAFSA will receive an Institutional Student Information Record (ISIR) that will include your estimated family contribution (EFC). The EFC will determine the amount of Pell Grant award you will receive.

<http://www.fafsa.ed.gov>

PELL GRANT

The Pell grant is funded through the U.S. Department of Education and being a grant, does not need to be repaid. Eligibility is based on the family's financial situation. The Pell Grant maximum award amount is \$7,395 for a full-time student in the 2024-2025 award year.

Selective Service Registration

Any male student who should be registered with Selective Service and fails to register is ineligible for student assistance provided through programs established under Title IV of the Higher Education Act.

Dependent or Independent

The Reauthorization of the Higher Education Act requires implementation of a new definition of independent student. For 2024-2025, you are automatically considered an independent student if you:

- Are at least 24 years of age by 10/31 of the award year,
- Have legal dependents other than a spouse,
- Are an orphan or ward of the court,
- Are a married student,
- Are a veteran of the U.S. Armed Forces,
- Are active military (not training only),
- Are a graduate or professional student,
- Are an emancipated minor, or
- Are homeless or at risk of it.

Cost of Attendance

The cost of attendance (COA) is calculated by the amount of tuition, books & supplies, room & board, and miscellaneous expenses. The miscellaneous expenses include transportation, and personal costs that are determined by the financial aid office.

Expected Family Contributions

How are the expected family contributions (EFC) calculated? For a student who is dependent upon parents, these resources would include the parent's contribution and the student's contribution. For the independent student, the resources would include only the student's contribution, and spouse's, if any. The EFC is calculated by the federal government using a formula including income, number of dependents, and various other factors.

The Financial Aid Advisor will provide an award letter, including all financial aid a student is eligible for and will send this to the student to be signed, dated, and returned to the financial aid office. No financial aid award will be disbursed before the award letter is signed and returned to the Financial Aid Office.

Verification

In order to receive financial aid administered through Debutantes School, a student may be required to furnish documentation for verification of information provided on the financial aid application as required by the U.S. Department of Education. Any student unable to provide this information will not receive financial aid.

Students may be required to furnish items such as copies of non-taxable income, interest income, proof of assets, and veteran's benefits. These items may be needed to substantiate information reported on the FAFSA. Students must provide the Financial Aid Office with documentation for the verification request prior to completion of any financial aid award letter and the disbursement of any Title IV monies.

In some instances, the verification procedure discloses information that will change the award to be received by the applicant. At that time, the discrepancy will be discussed and the proper steps will be taken to correct the error(s). If applicable, the financial aid office may need to resubmit the FAFSA for corrections. The students must take the responsibility to insure the financial aid has all the appropriate information.

Required Verification Items

- Household size (number of persons in the household).
- Number enrolled in post-secondary education (number of household members attending a post-secondary institution at least half-time [12 clock hours per week]).
- Adjusted gross income for the base year or income earned from work if AGI has not been calculated.
- Certain untaxed income and benefits for the base year such as:
 - Social Security benefits, if certain conditions apply
 - Child Support, if certain conditions apply
 - Untaxed payments to IRA and/or Keogh plans
 - Foreign income exclusion
 - Interest on tax-free bonds

The Financial Aid Officer will determine what documentation is necessary for each of the required verification items. All items need to be submitted to the Financial Aid office by the end of the award year applied for (June 30th).

Diploma Mills

Debutantes School of Beauty's offices may require an official copy of a student's high school diploma for proof

of receipt and validity. If there is any question about whether the school is considered to be a diploma mill school, the diploma in question will be reviewed and then be determined whether the diploma meets requirements or not. The school will use a list of accredited state agencies in order to determine validity. If a diploma is deemed to be received from a diploma mill, it will not meet the requirements for financial assistance and the student will be required to complete and provide a copy of the GED prior to any financial assistance eligibility being awarded.

The Higher Education Opportunity Act defines a diploma mill as follows: (A) Offers, for a fee, degrees, diplomas, or certificates, that may be used to represent to the general public that the individual possessing such a degree, diploma, or certificate has completed a program of postsecondary education or training; and requires such individual to complete little or no education or coursework to obtain such degree, diploma, or certificate; and (B) Lacks accreditation by an accrediting agency or association that is recognized as an accrediting agency or association of institutions of higher education by a Federal agency, State government, or other organization or association that recognizes accrediting agencies or associations.

Loan Requirements

Entrance and Exit Counseling - Students receiving financial aid while enrolled as an adult on either a full or part-time basis must participate in an entrance counseling session and complete and sign all necessary documents before receiving disbursement(s). If a student decides to receive Direct Loans, they must complete a Master Promissory Note. The student must also complete an exit session prior to graduation or termination of enrollment. The website for these sessions is <http://www.studentloans.gov>, which can be logged into using your PIN.

Master Promissory Note – A MPN is the legal document used to link a borrower to one or more Direct Loans. By signing a MPN the borrower is agreeing to repay all loans made under that MPN. Debutantes School requests e-MPN's (electronic MPN) through the student loans website by selecting Debutantes School to be notified.

Types of Loans

Direct Subsidized Student Loan - Must be repaid. Loan limits vary according to enrollment status. The interest will not accrue during in-school period or during a 6-month grace period.

- Maximum - \$3,500 if enrolled full time for the academic year. *Amounts may vary and are subject to change

Direct Unsubsidized Student Loan - Must be repaid. Loan limits vary according to enrollment status. Interest will accrue during in-school period.

- Maximum - \$9,500 if enrolled full time for the academic year. *Amounts may vary and are subject to change

Both the Direct subsidized and unsubsidized loan begins repayment 6 months after graduation or withdrawal from a program. Interest rates currently have a fixed 4.99% rate. There is a simple Repayment Estimator Calculator on the Federal Student Aid website.

Parent Loans for Dependent Students (PLUS) - Parents of dependent undergraduate students may obtain guaranteed loans. The maximum amount of PLUS loan a student's parent may request is the total COA minus all of the students' received financial assistance. Interest rates for a new borrower are variable with a 7.54% rate. Interested applicants should contact the Financial Aid Office for more details.

Reinstatement of Financial Aid Eligibility

If a student who has been denied payment of financial aid during a payment period brings his/her grades and/or attendance up to an acceptable level, financial aid will be reinstated. See the Financial Aid Officer for more information.

Professional Judgment Statue

On the basis of adequate documentation, the Financial Aid Office has the right to make adjustments on a case-by-case basis to the cost of attendance or the values of the data items required to calculate the expected student or parent contribution (or both) to allow for treatment of an individual eligible applicant with special circumstances. Exercising a professional judgment is at the discretion of the school, Debutantes School will only exercise the practice of Professional Judgement on a case-by-case basis once requested by the student or parent. A request for a Professional Judgement must be submitted in writing to the school by the student/parent before any actions can be taken. For a Professional Judgement to be processed, the school may request several documents to base its' decision by. Once all the proper documents have been received by the school, the Financial Aid Office will make the decision to execute or deny the right to use the Judgement with the help of the Main Office and Managing Director. A Professional Judgement must be reapplied for with every new award year, a "cross-over" cannot happen.

Professional Judgement may affect the following:

- Cost of Attendance adjustments,
- Adjusting data elements of the EFC calculations, NOT the actual EFC formula, or
- Dependency overrides from Dependent to Independent status.

What Professional Judgement cannot do:

- Affect multiple Students,
- Change the actual EFC,
- Waive student eligibility requirements,
- Dependency overrides from Independent to Dependent status,
- Make a student Independent based on self-sufficiency, or
- Circumvent the regulations or the law.

Transfer students must apply for a Professional Judgement with Debutantes School, the judgement decision from the student's previous school will not be accepted.

Over awards

An over award occurs when the Title IV aid the student has been awarded exceeds either need or COA. In the case where award amount is in excess, the amount of Unsubsidized Title IV aid the student has been awarded can be used to replace the EFC and thereby eliminate the overaward.

Return to Title IV

The basic concept underlying the Return of Title IV Funds (R2T4) regulations is that FSA funds paid to a student, or to his or her account at the school, are either "earned" or "unearned" based on the percentage of a student's completion of a scheduled payment period or period of enrollment.

When a student withdraws, or stops attending during a payment period, Debutantes School of Beauty will determine if any FSA funds disbursed during the payment period were unearned. Unearned FSA funds will be repaid based on the result of R2T4 calculations that Debutantes School of Beauty makes. A student is considered to have withdrawn from a payment period or period of enrollment if the student does not complete all of the clock hours and weeks of instructional time in the payment period or period of enrollment that the student was scheduled to complete. The date of withdrawal is used in a return of funds calculation of a student's federal financial aid. Students may officially drop classes by contacting the Managing Director or Office Manager. The student's last day of recorded attendance will be the student's withdrawal date. The unexplained absence of a student from school for more than 14 consecutive calendar days will constitute constructive notice of cancellation to the school and will be determined to have unofficially withdrawn from Debutantes School, the student's last day of recorded attendance will be the student's withdrawal date. The calculation will be completed using the student's hours scheduled to be completed between first day of pay period and the last day of attendance, not including excused leave of absence.

These requirements do not apply to a student who does not actually cease attendance at Debutantes School. The Return of Title IV Funds Policy does not dictate Debutantes School's Student Refund Policy. Debutantes School is required to determine the earned and unearned portions of Title IV aid as of the date the student ceased attendance based on the amount of time the student was scheduled to be in attendance. Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period. For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, Debutantes School will still determine whether the student is eligible for a post-withdrawal disbursement. Debutantes School's Student Refund Policy will not affect the amount of Title IV Aid the student has earned under the Return calculation. If the amount disbursed to the student is greater than the amount the student earned, the unearned funds will be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received. If a student withdraws, school charges that were previously paid by FSA funds might become a debit that the student will be responsible for paying.

If a student never actually begins attendance for the payment period or period of enrollment, this policy does not apply. If a student begins attendance but was not and could not have been disbursed Title IV grant or loan funds prior to withdrawal, the student is not considered to have been a Title IV recipient and this policy does not apply.

Once a student has been determined to be a withdrawal Debutantes School will, within 30 days, (1) Perform a R2T4 calculation (2) Notify student of grant overpayment (3) Notify student of eligibility for a post-withdrawal disbursement. Debutantes School will return Title IV funds within 45 days. In accordance with federal regulations, unearned aid will be returned to the federal programs in the following order: (1) Federal Direct Loans: Unsubsidized, then Subsidized, (2) Federal Direct Parent Loans, (3) Federal Pell Grant.

The R2T4 calculations may result in the student's and parent's being responsible for directly returning additional loan amounts to the US Department of Education. Your loan grace period begins on the student's withdrawal date from the school. If the student does not re-enroll within 6 months of their withdrawal date the loans will enter repayment. The student should contact the loan servicer or the US Department of Education to make repayment arrangements. The Master Promissory Note signed by the borrower outlines repayment obligations. The student should contact the servicer or the US Department of Education with any questions. Students who owe the US Department of Education for an overpayment of Title IV funds are not eligible for any additional federal financial aid until the overpayment is paid in full or payment arrangements

are made with the US Department of Education.

School Policies/Student Handbook

ATTENDANCE RELATED POLICIES

Attendance Overview- If you are going to be absent or late you must personally call the school prior to your scheduled class time at 815-758-4045. For proper classroom and clinic floor scheduling as well as a courtesy to your peers, instructors, and administrative staff members it is critical that all absences be reported. When calling the main school line, if there is no answer please leave a message. Absences and late arrival requests, will only be accepted via the main school line. As Debutantes School is preparing you for the workplace, it is expected that all attendance related information be communicated verbally to the school. It does not meet our standards of professionalism to email or text the school with this information.

For proper class and clinic scheduling, failure to contact the school when absent may result in attendance penalties including a suspension from school. A student is considered to be a no-call/no-show, if their absence is not reported within 2 hours of their scheduled arrival time for class. Students are not permitted to make-up no-call/no-show classes until after their contracted completion date. This will affect a student's graduation date.

The unexplained absence of a student from school for more than 14 consecutive calendar days will constitute constructive notice of cancellation to the school.

Late Policy- A student will be considered late if they are not clocked in and set-up in their classroom by the scheduled start time of their class. If a student does not contact the school at 815-758-4045 regarding their tardiness prior to their scheduled class time, they will not be permitted to attend class until their next scheduled school day.

Students arriving more than 5 minutes past their scheduled start time will not be allowed to enter class for the day. Emergencies are at the discretion of Instructional and Management Staff. Please note; students consistently arriving late will lose the 5-minute privilege.

Debutantes School reserves the right to refuse entrance into theory class and hands-on work for students not arriving to their classroom scheduled start time.

Early Departure Policy- A student will be considered as leaving early if they are not clocked in and in their classroom at the end of their scheduled departure time from class. Consideration for emergencies will be at the discretion of School Management or Instructional Staff. If a student leaves school for the day without notifying School Management or Instructional Staff, a 2- day attendance penalty will automatically be assessed.

Doctor's Note Policy- A valid doctor's note may be used at the discretion of School Management or Instructional Staff for a student to enter class past a student's scheduled start time or to leave school prior to a student's scheduled departure time without incurring an attendance penalty.

Breaks- It is the student's responsibility to make sure a thirty-minute off-the-clock lunch is taken any day they are in attendance for 6.1 or more hours. The teacher will decide when the appropriate times for breaks are. School Management or Instructional Staff may schedule a student's break based on Clinic Floor demands. A

student may not schedule their own break time. Ten-minute breaks are awarded based on total scheduled hours. Refer to the current posted break sheets to determine how many 10-minute breaks are awarded per scheduled day. Students must correctly sign in and out for all breaks. Breaks begin once a student is no longer involved in curriculum related activities. Extending a break past its allowed time frame will result in a loss of time as well as disciplinary action. Taking more breaks than allowed will result in disciplinary action. If a student is determined to be on a break and has not followed the proper policies regarding signing out, disciplinary action will occur. Failure to adhere to break policies may result in attendance penalties

Approved Absence Policy- In the event of a planned absence, a student must complete the required attendance paperwork 2 weeks prior to the absence. It is important that absences remain limited as absences may affect a student's graduation date. If a student is requesting off for a half-day, full day or several days, they must fill out the Absence/Time-Off Request Form located at the Front Desk. All missed time with the exception of a Leave of Absence is counted towards missed time regardless of whether or not it is an approved absence and must be made up prior to the successful completion of the student's program. Class schedules are determined based on Instructor availability and Approved Absences will not be considered when determining class schedules, assignments, and testing. A student will receive no more than 2 approved absences on Saturdays throughout the entirety of their program. Accrued missed time from Approved Absences may be made up ahead of a student's contracted completion date. Missed Saturday hours must be made up on Saturdays.

Mandatory Days: Contracted Saturdays are considered Mandatory for attendance at Debutantes School. Missed Saturday hours may only be made up on Saturdays. Debutantes School reserves the right to post additional mandatory days such as the days before and after a scheduled school closure. Un-approved absences on posted Mandatory Days cannot be made up ahead of a student's contracted completion date and will postpone a student's graduation date.

Make-up Time/Days: As a clock-hour school, all missed attendance days and clock hours must be made up in order to successfully graduate from your contracted program. As mandated by the Illinois Department of Financial and Professional Regulations all Cosmetology students must complete a minimum of 1500 clock-hours in order to successfully complete the Cosmetology Program, all Esthetics students must complete a minimum of 750 clock-hours in order to successfully complete the Esthetics Program, and all Nail Technology students must complete a minimum of 350 clock-hours in order to successfully complete the Nail Technology Program.

Approved students will be allowed to make up missed clock hours by signing up using the appropriate forms at the front desk. A student must adhere to all of the rules on the sign-up sheet for the week that they are signing up for. Students will only be allowed to sign up for additional hours if they have accrued missed time. A student may not exceed 42 total clock hours in any attendance week. If a student misses or does not complete hours that they have signed up for, they will not be allowed to sign up for additional hours until the following week. If a student fails to adhere to Debutantes School's make-up time policies, they will lose the privilege to sign-up for additional hours. No-Call/No-Show days and un-approved absences on posted Mandatory Days cannot be made up ahead of a student's contracted completion date

Time Clock- Time is recorded by a computerized time clock. It is the student's responsibility to use the time clock correctly. Failure to do so may result in a loss of time. According to state law, no student shall clock the

time of another student. If a student forgets to clock in or out, a loss of will occur. Staff members, other students or other person(s) cannot verify a student's attendance. Students must be involved in curriculum related activities at all times when clocked in. Any deliberate misuse of the time clock may result in termination of the program.

Course/Class Completion Attendance Requirements: A student must complete a minimum of 50% attendance for every chapter to qualify to take the chapter test. If a student fails to attend 50% of the class, they must repeat the chapter when it is offered again. This could affect a student's graduation date. **A student does not receive duplicate hours for repeating a chapter** Example: If a student is in attendance for 10 out of 28 hours of a chapter they must repeat all 28 hours. They will not receive clock hours for the 10 that they were in attendance for when making up that time. There are some chapters that require a higher % rate of attendance in order to qualify for the Chapter Test. Examples of these class are; Level 1 and Level 2 Nails, Level 1 and Level 2 Skin, and School Boards 1 and School Boards 2. Students will be made aware of the required % rate of attendance prior to the start of the scheduled class.

During a student's Level One (pre-Clinic Floor) training it is highly recommended that students not miss more than 5% of their scheduled classes.

Course/Class Completion Classroom Requirements- Class schedules are determined based on Instructor availability and all required classes will be offered to students during their contracted scheduled times and prior to their contracted completion date. A student will receive a grade for all chapters once they have been scheduled to complete them. Failure to complete the chapter will result in a 0% on a student's grade and SAP report until the chapter is completed. If a student misses or does not complete a required chapter they must take the chapter when it is offered again. This may affect a student's graduation date as class schedules will not be determined based on a student's need to retake a Chapter.

A student must complete and successfully pass the Level 1 sections of a chapter before being allowed to participate in the chapter's Level 2 training.

A student will not be allowed to participate in School Board training without the completion of 70% of a program's clock hours and 90% of the total program curriculum.

Make-Up Tests^{24c}- Failure to take a test on or prior to the original test date scheduled by a student's Instructor will result in a 10% grade reduction. All chapter tests and rubric testing must be passed with a 75% or better. Chapter tests and rubric tests under 75% must be retaken. All comprehensive tests and rubrics must be passed with an 85% or better. A test may be taken up to three times. A missed test or failed test must be made up within 3 scheduled school days of the original testing date. A student must turn in any assignments due for the chapter prior to being allowed to take a written test. After each failed test attempt an assignment will be given in order to help prepare a student for their next testing attempt. All make-up testing must be completed within 1 week of the original test date. Re-take tests must be taken off the clock. Failure to successfully pass a test within 3 attempts or within the 1-week scheduled timeframe will result in a student needing to retake the chapter when it is offered again. This will affect a student's graduation date as class schedules will not be determined based on the need

Student Services- All currently enrolled students will receive special student pricing for the services offered in their program of study. A currently enrolled student will receive 50% off the brochure pricing of most other

If the behavior does not cease, report it to your Instructor or a Debutantes School Owner immediately.

SEXUAL HARASSMENT POLICY

The courts have determined that sexual harassment is a form of discrimination under title VII of the U.S. Civil Rights Act of 1964, as amended in 1991

Policy Statement- It is the responsibility of each individual employee and program participant to refrain from sexual harassment, and it is the right of each individual employee and program participant to work in an environment free from sexual harassment

Definition of Sexual Harassment- According to the Illinois Human Rights Act, sexual harassment is defined as: Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

- 1.) Submission to such conduct is made either explicitly or implicitly a term of condition of an individual's employment
- 2.) Submissions to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- 3.) Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Other conduct commonly considered to be sexual harassment includes:

- Verbal: Sexual innuendos, suggestive comments, insults, humor and jokes about sex, anatomy—or gender –specific traits, sexual propositions, threats, repeated requests for dates, or statements about other employees, even outside of their presence, of a sexual nature
- Non-verbal: suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, “catcalls,” “smacking” or “kissing” noises.
- Visual: Posters, signs, pin-ups or slogans of a sexual nature.
- Physical: Touching, unwelcoming hugging or kissing, pinching, brushing the body, coerced sexual intercourse, or actual assault

Sexual harassment most frequently involves a man harassing a woman. However, it can also involve a woman harassing a man or harassment between members of the same gender.

The most severe and overt forms of sexual harassment are easier to determine. On the other end of the spectrum, some sexual harassment is subtler and depends to some extent on individual perception and interpretation. The trend in the courts is to assess sexual harassment by a standard of what would offend a “reasonable woman” or a “reasonable man, depending on the gender of the alleged victim.

An example of the subtlest form of sexual harassment is the use of endearments. The use of terms such as “honey,” “darling,” and “sweetheart,” is objectionable to many women who believe that these terms undermine their authority and their ability to deal with men on an equal and professional level.

Another example is the use of a compliment that could potentially be interpreted as sexual in nature. Below are three statements that might be made about the appearance of a woman in the workplace:

“That’s an attractive dress you have on”

“That’s an attractive dress. It really looks good on you.”

“That’s an attractive dress. You really fill it out well.”

The first statement appears to be simply a compliment. The last is the most likely to be perceived as sexual harassment, depending on individual perceptions and values. To avoid the possibility of offending an employee, it is best to follow a course of conduct about reproach, or to err on the side of caution.

Responsibility of Individual Employees or Program Participants:

Each individual employee or program participant has the responsibility to refrain from sexual harassment in the workplace.

- An individual or program participant who sexually harasses a program participant or fellow program participant is, of course, liable for his or her individual conduct.
- The harassing employee or program participant will be subject to disciplinary action up to and including discharge or dismissal from the program in accordance with program policy

Responsibility of Supervisory Personnel:

- Each supervisor is responsible for maintaining the workplace and program environment free of sexual harassment. This is accomplished by promoting a professional environment and by dealing with sexual harassment as with all other forms of employee and program participant misconduct
- The courts have found that organizations as well as supervisors can be held liable for damages related to sexual harassment by a manager, supervisor, employee, or third party (an individual who is not an employee or program participant but does business with an organization, such as a contractor, student, client, or speaker).
- Liability is either based on an organization’s responsibility to maintain a certain level of order and discipline, or on the coordinator or director acting as an agent of the organization or program. As such, the coordinator/director must act quickly and responsibly not only to minimize their own liability but also that of the agency or program.

- Specifically, a coordinator or director must address an observed incident of sexual harassment or a complaint, with seriousness, take prompt action to investigate it, report it and end it, implement appropriate disciplinary action, and observe strict confidentiality. This also applies to cases where an employee or program participant tells the supervisor about behavior considered sexual harassment but does not want to make a formal complaint.

In addition, the director must ensure that no retaliation will result against an employee or program participant making a sexual harassment complaint.

Procedures for Filing a Complaint:

- An employee or program participant who either observes or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the supervisor or program coordinator, and offending employee. It is not necessary for sexual harassment to be directed at the person making the complaint.

The following steps may also be taken: document or record each incident (what was said or done, the date, the time, and the place). Documentation can be strengthened by written records such as letters, notes, memos, emails, and telephone messages.

No one making a complaint will be retaliated against even if a complaint made in good faith cannot be substantiated. In addition, any witness will be protected from retaliation.

The process of making a complaint about sexual harassment falls into several stages.

- Direct communication: If there is sexually harassing behavior in the workplace or program environment, the harassed employee or program participant should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.
- Formal Written Complaint: An employee or program participant may also report incidents of sexual harassment directly to the Managing Director. The Managing Director will counsel the reporting employee or program participant and be available to assist with filing a formal complaint. The Managing Director will fully investigate the complaint and advise the complainant and the alleged harasser of the results of the investigation.
- Resolution Outside Managing Director: It is hoped that most sexual harassment complaints and incidents can be resolved within Debutantes School of Beauty, . However, an employee has the right to contact the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC) about filing a formal complaint. An IDHR complaint must be filed within 180 days, complaint with the EEOC must be filed within 300 days

An employee or program participant who is suddenly transferred to a lower paying job or passed over for promotion, after filing a complaint with IDHR or EEOC, may file a retaliation charge, also due within 180 days (IDHR) or 300 days (EEOC) of the alleged retaliation

An employee or program participant who has been physically harassed or threatened while on the job or while

participating in the program may also have grounds for criminal charges of assault and battery.

False and Frivolous Complaints

False and frivolous charges refer to cases where the accuser is using a sexual harassment complaint to accomplish some end other than stopping sexual harassment. It does not refer to charges made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false and frivolous charge is a severe offense that can itself result in disciplinary action.

SATISFACTORY ACADEMIC PROGRESS POLICY

At Debutantes School of Beauty we consistently apply this Satisfactory Academic Progress Policy to all students enrolled at our school. It is printed in this Course Information Catalog in order to ensure that students receive a copy prior to the first day of class. This policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods- Students will be evaluated on Satisfactory Academic Progress as follows:

- Cosmetology: 450, 900, 1200 clocked (actual) hours
- Esthetics: 300, 600 clocked (actual) hours
- Nail Technology: 125, 250 clocked (actual) hours
- Cosmetology Instructor: 200, 400 clocked (actual) hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course.

Attendance Progress Evaluations- Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule received at enrollment, in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. All evaluation periods are used towards the determination of maximum time frame allowed whether or not Title IV aid is used during the evaluation period.

Maximum Time Frame- The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (25 hrs./wk.)- 1500 hours	91 Weeks	2250
Esthetics (25 hrs./wk.)- 750 hours	45 Weeks	1125
Cosmetology Instructor (20 hrs./wk.)- 500 hours	38 Weeks	750
Nail Technology (12 hrs./wk.)- 350 hours	44 Weeks	525

A student that reached maximum time frame allowed will be allowed to continue their education in unsatisfactory progress until they meet graduation requirements. The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled hours.

Academic Progress Evaluations- The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when considered satisfactory by the Instructor. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Practical skill evaluations are given after each unit of study if applicable. Practical skills are evaluated according to text procedures and set forth in practical skill evaluation criteria (rubrics) adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam with an 85% average or better prior to graduating. Students must make up failed or missed tests and incomplete assignments/work prior to graduating. Numerical grades are considered according to the following scale:

95%-100%	A	Excellent
89%-94%	B	Above Average
82%-88%	C	Average
75%-81%	D	Satisfactory
74% or below	F	Unsatisfactory

Determination of Progress Status- Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Progress may have their Financial Aid or Financial Assistance interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning- Students who are below the minimum requirements for attendance or academic progress at their evaluation period will be placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, students will be deemed ineligible to receive Title IV funds unless he/she is placed on probation after a successful appeal.

Probation- Students who are below the minimum requirements for attendance or academic progress at their evaluation period after the warning period will be deemed ineligible to receive Title IV funds unless he/she is placed on probation after a successful appeal. If a student prevails upon appeal, they are considered to be making satisfactory progress while during the first probationary period. Only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Appeal Procedure- If a student is determined to not be making satisfactory academic progress after their warning period, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the

student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Re-Establishment of Satisfactory Progress- Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning period or probationary period if applicable.

Interruptions, Course Incompletes, Withdrawals- To request a Leave of Absence, students are required to provide a written, signed, and dated request, that includes the reason for the request, for a leave of absence prior to the leave of absence. However, if unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence, if the institution documents its decision and collects the written request at a later date. If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Noncredit, Remedial Courses, Repetitions- Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours- With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Debutantes School of Beauty appreciates the opportunity to make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature and patterns of complaints for the institution. The following outlines the specific steps of the complaint process.

1. The student must register the complaint, in writing, on the designated form provided by Debutantes School; within 30 days of the date that the incident occurred which is the subject of the grievance.
2. The complaint form must be turned in to the school's Managing Director.
3. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
4. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
5. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
6. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute.
