Drug and Alcohol Free School Policy

Debutantes School embraces the spirit of the public law that requires schools to provide a drug free campus and workplace. As part of our philosophy, we are dedicated to the advancement and well-being of the population we serve. The use and abuse of alcohol and other drugs can lead to physical and psychological health risks. These risks depend on the type of drug used and the intensity of the use. Long-term use of drugs can lead to organic damage to the body and psychological problems. Even short-term use carries a risk of an overdose that can result in effects as serious as death. Drug and alcohol use also carried other direct and indirect health risks, including heightened risk of blood transmitted disease for users of intravenous drugs, the risk of pregnancy complications and birth defects in women who use drugs or alcohol while pregnant, and the impairment of the ability to operate motor vehicles. As such, all students and employees are encouraged to abstain from the use of illegal drugs and irresponsible use of alcohol.

Students are prohibited from the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance or alcohol anywhere on Debutantes property including grounds, parking areas, anywhere within the buildings or while participating in school-related activities. Students are also prohibited from being present on campus under the influence of alcohol or controlled substances. Students who violate this policy will be subject to disciplinary action up to and including termination of enrollment. If there is a reasonable suspicion that a student of Debutantes is under the influence of alcohol or a controlled substance while on Debutantes premises, the student will be required to clock out for the days and asked to leave. In all cases, Debutantes will abide by local, state, and federal sanctions regarding unlawful possession of drugs and the consumption of alcohol, including the full enforcement of applicable underage drinking laws.

Any student who suspects they or someone else may be at risk is invited to seek services that can be of help. Debutantes maintain drug and alcohol education information and a list of counseling and support services, including local services, which can be obtained from the campus manager.

Any students convicted of possessing or selling illegal drugs while receiving Title IV assistance will be ineligible for FSA funds based on the following chart.

Possession of illegal drugs	Sale of Illegal drugs (Includes Convictions for conspiring to sell illegal drugs)
1st offense: 1year from date of conviction	2 years from date of conviction
2nd offense: 2 years from date of conviction	Indefinite Period
3rd offense: Indefinite period	Indefinite Period

***Note: If convicted of both possessing and selling illegal drugs and the periods of ineligibility are different, the longer the penalty will apply. In addition, violations of federal, state, or local laws and ordinances concerning drugs and alcohol can lead to felony or misdemeanor convictions and legal sanctions, which include but are not limited to: fines, imprisonment, forfeiture of property, and loss of driving privileges. A description of federal penalties for drug violations can be found at <http://www.justice.gov/dea/agency.htm>**

Drug Free School/Drug Free Workplace Annual Disclosure

Debutantes School of Cosmetology and Nail Technology is a drug-free environment and it is our policy to comply with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989 as amended. The use of, discussion of, manufacturing of and/or distribution of controlled substances, including illegal drugs or alcohol on campus property has potential adverse impact on the school, its students and employees, clients, quality of education and the community and will not be tolerated. Any unlawful use, possession, discussion of or distribution of a controlled substance

or alcohol on the school premises or reporting for class under the influence of drugs or alcoholic beverages is prohibited and may result in disciplinary action up to and including immediate termination from the school.

Crime Prevention Programs

Debutantes School is engaged in the cut it out program, a program of the Salons Against Domestic Abuse Fund dedicated to mobilizing salon professionals and others to fight domestic abuse across the United States. The program builds awareness to domestic abuse and trains salon professionals to recognize warning signs and safely refer clients to local resources. Debutantes School has joined forces with Cut It Out and the National cosmetology Association to educate communities about domestic abuse.

Debutantes School campuses provide clients with information on preventing domestic violence. Campus staff explain the Cut It Out informational materials to students and discuss the program's focus on awareness and information sharing- not intervention or interrogation. Furthermore, individual campuses work with local and domestic violence prevention organizations to gain additional understanding of the issue.

Emergency Response and Evacuation Procedures

Should a significant emergency or dangerous situation arise that may impact the health of safety of students and/or employee located on the campuses, students, and staff are advised to do the following:

- Exit the building in the case of a fire; follow campus signage for exit locations
- Seek shelter in the event of a tornado; follow campus signage for shelter locations
- Follow Directive of campus staff for all other situations

In the event of an emergency, (fire, bomb threat, tornado, etc.) the school will immediately call for assistance from the local police/fire. If an emergency situation should occur, students, staff and clients must:

In a Fire:

1. Evacuate the building immediately in an orderly fashion.
2. Assist the clients who may need help
3. Walk to the far ends of the parking lot
4. DO NOT try to grab personal belongings. Get Out.
5. Do Not try to re-enter the building until staff member or fire/police officials have given clearance.

In a Tornado:

1. Move immediately to the nearest room with no windows (Esthetics Room).
2. Assist the clients who may need help
3. Do Not try to grab personal belongings.
4. Under NO circumstances may a student leave during an actual tornado and/or tornado warning.

From time to time, the school may conduct fire/tornado drills. Everyone must follow normal procedures in evacuating the building during a fire drill. Remember: in an emergency situation be CALM, COURTEOUS AND LISTEN TO INSTRUCTORS.

If a situation arises before students arrive to campus, campus staff (Campus Managers and/or Educators) will attempt to notify students by telephone and social media to advise accordingly. Signs will be placed at the front entrance of the campus building if classes are cancelled. Debutantes School has a process where, should an emergency or dangerous situation arise, campus staff (Campus Managers and/or Educators) contacts an Area Manager to develop and implement a response plan in the impacted campus. Debutantes Staff will take into account the safety of the student community determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency situation.

Tests of the emergency response and evaluation procedures will be conducted annually; such tests may be announced or unannounced.

Harassment- We want our employees to work in and students to attend classes in an environment that is free from intimidation or harassment. Harassment of employees and/or students by any employee, manager, student, and client or outside vendor is prohibited and may result in disciplinary action up to and including termination from the school. Harassment is defined as behavior, which is offensive to an individual or group, including unwelcome sexual advances, uninvited suggestive remarks, verbal, written or graphic communication that is sexist, racist, contains religious slurs, or ethnic jokes, etc. If you observe this type of behavior, you should immediately address the issue by advising the individual

that it is unwelcome, unwanted and inappropriate. If the behavior does not cease, report it to your Instructor or a Debutantes School Owner immediately.

Sexual Harassment Policy- The courts have determined that sexual harassment is a form of discrimination under title VII of the U.S. Civil Rights Act of 1964, as amended in 1991

Policy Statement- It is the responsibility of each individual employee and program participant to refrain from sexual harassment, and it is the right of each individual employee and program participant to work in an environment free from sexual harassment

Sex Crimes should be report to Debutantes School's Title IX Coordinator, Rebecca Rogers.

STUDENT SEXUAL ASSAULT, DOMESTIC AND DATING VIOLENCE POLICY Debutantes School of Cosmetology nd Nail Technology, LLC is committed to maintaining a safe and secure campus for all its students and employees. Debutantes School of Cosmetology nd Nail Technology, LLC policy on Sexual Violence, Domestic Violence and Dating Violence specifically addresses procedures that must be followed when an incident of sexual assault, domestic violence, dating violence or stalking is reported.

Definition of Sexual Harassment- According to the Illinois Human Rights Act, sexual harassment is defined as:

Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

- 1.) Submission to such conduct is made either explicitly or implicitly a term of condition of an individual's employment
- 2.) Submissions to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- 3.) Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Other conduct commonly considered to be sexual harassment includes:

- Verbal: Sexual innuendos, suggestive comments, insults, humor and jokes about sex, anatomy—or gender – specific traits, sexual propositions, threats, repeated requests for dates, or statements about other employees, even outside of their presence, of a sexual nature
- Non-verbal: suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, “catcalls,” “smacking” or “kissing” noises.
- Visual: Posters, signs, pin-ups or slogans of a sexual nature.
- Physical: Touching, unwelcoming hugging or kissing, pinching, brushing the body, coerced sexual intercourse, or actual assault

Sexual harassment most frequently involves a man harassing a woman. However, it can also involve a woman harassing a man or harassment between members of the same gender.

The most severe and overt forms of sexual harassment are easier to determine. On the other end of the spectrum, some sexual harassment is subtler and depends to some extent on individual perception and interpretation. The trend in the courts is to assess sexual harassment by a standard of what would offend a “reasonable woman” or a “reasonable man, depending on the gender of the alleged victim.

An example of the subtlest form of sexual harassment is the use of endearments. The use of terms such as “honey,” “darling,” and “sweetheart,” is objectionable to many women who believe that these terms undermine their authority and their ability to deal with men on an equal and professional level.

Another example is the use of a compliment that could potentially be interpreted as sexual in nature. Below are three statements that might be made about the appearance of a woman in the workplace:

“That’s an attractive dress you have on”

“That’s an attractive dress. It really looks good on you.”

“That’s an attractive dress. You really fill it out well.”

The first statement appears to be simply a compliment. The last is the most likely to be perceived as sexual harassment, depending on individual perceptions and values. To avoid the possibility of offending an employee, it is best to follow a course of conduct about reproach, or to err on the side of caution.

Responsibility of Individual Employees or Program Participants:

- Each individual employee or program participant has the responsibility to refrain from sexual harassment in the workplace.
- An individual or program participant who sexually harasses a program participant or fellow program participant is, of course, liable for his or her individual conduct.
- The harassing employee or program participant will be subject to disciplinary action up to and including discharge or dismissal from the program in accordance with program policy

Responsibility of Supervisory Personnel:

- Each supervisor is responsible for maintaining the workplace and program environment free of sexual harassment. This is accomplished by promoting a professional environment and by dealing with sexual harassment as with all other forms of employee and program participant misconduct
- The courts have found that organizations as well as supervisors can be held liable for damages related to sexual harassment by a manager, supervisor, employee, or third party (an individual who is not an employee or program participant but does business with an organization, such as a contractor, student, client, or speaker).
- Liability is either based on an organization's responsibility to maintain a certain level of order and discipline, or on the coordinator or director acting as an agent of the organization or program. As such, the coordinator/director must act quickly and responsibly not only to minimize their own liability but also that of the agency or program.
- Specifically, a coordinator or director must address an observed incident of sexual harassment or a complaint, with seriousness, take prompt action to investigate it, report it and end it, implement appropriate disciplinary action, and observe strict confidentiality. This also applies to cases where an employee or program participant tells the supervisor about behavior considered sexual harassment but does not want to make a formal complaint.

In addition, the director must ensure that no retaliation will result against an employee or program participant making a sexual harassment complaint.

Procedures for Filing a Complaint:

- An employee or program participant who either observes or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the supervisor or program coordinator, and offending employee. It is not necessary for sexual harassment to be directed at the person making the complaint.

The following steps may also be taken: document or record each incident (what was said or done, the date, the time, and the place). Documentation can be strengthened by written records such as letters, notes, memos, emails, and telephone messages.

No one making a complaint will be retaliated against even if a complaint made in good faith cannot be substantiated. In addition, any witness will be protected from retaliation.

The process of making a complaint about sexual harassment falls into several stages.

- Direct communication: If there is sexually harassing behavior in the workplace or program environment, the harassed employee or program participant should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.
- Formal Written Complaint: An employee or program participant may also report incidents of sexual harassment directly to the Managing Director. The Managing Director will counsel the reporting employee or program participant and be available to assist with filing a formal complaint. The Managing Director will fully investigate the complaint and advise the complainant and the alleged harasser of the results of the investigation.
- Resolution Outside Managing Director: It is hoped that most sexual harassment complaints and incidents can be resolved within Debutantes School of Beauty. However, an employee has the right to contact the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC) about filing a formal complaint. An IDHR complaint must be filed within 180 days, complaint with the EEOC must be filed within 300 days

An employee or program participant who is suddenly transferred to a lower paying job or passed over for promotion, after filing a complaint with IDHR or EEOC, may file a retaliation charge, also due within 180 days (IDHR) or 300 days (EEOC) of the alleged retaliation

An employee or program participant who has been physically harassed or threatened while on the job or while participating in the program may also have grounds for criminal charges of assault and battery.

False and Frivolous Complaints

False and frivolous charges refer to cases where the accuser is using a sexual harassment complaint to accomplish some end other than stopping sexual harassment. It does not refer to charges made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false and frivolous charge is a severe offense that can itself result in disciplinary action.

Violent Acts against Women (VAWA)

Sexual Assault is a rape that is vaginal, anal and/or oral penetration without consent. Fondling is any sexual contact without consent.

Awareness- Debutantes School of Beauty offers guest speakers, posters, and/or a variety of events throughout the year to bring about awareness to these issues. Reporting any person who believes he or she has been the victim of sexual harassment or violence by a student, faculty member, administrator or other college personnel of Debutantes School of Beauty should report the occurrence to any agent or responsible employee of the college. An employee may be required only to report the harassment to other school officials who have the responsibility to take appropriate action or to take the appropriate action themselves if they are a designated official.

Privacy- Debutantes School of Beauty will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible. The college will attempt to honor a student's request that his or her name be withheld, if this can be done consistently with the school's obligation to remedy the harassment and take steps to prevent further harassment.

Action- Debutantes School of Beauty is required to investigate all accusations of sexual harassment and violence and to take the appropriate actions which could include disciplinary proceedings against any individuals found to be in violation of this policy.

Anti-Retribution Any person who retaliates against another for testifying, assisting or participating in an investigation or proceeding relating to harassment or violence shall be subject to discipline. Retaliation includes, but is not limited to, any form of intimidation, retribution or harassment.

Preserving Evidence It is important that victims take steps to preserve and collect evidence; doing so preserves the full range of options available, be it through the university's administrative complaint procedures or criminal prosecution. To preserve evidence:

1. do not wash your face or hands
2. do not shower or bathe
3. do not brush your teeth
4. do not change clothes or straighten up the area where the assault took place
5. do not dispose of clothes or other items that were present during the assault, or use the restroom
6. seek a medical exam immediately If the victim has already cleaned up from the assault, he/she can still report the crime, as well as seek medical or counseling treatment.

The victim should contact the police, consult with the campus Title IX Coordinator, Rebecca Rogers, or a local sexual assault victim resource center.
